USAF Declass/Release Instructions On File

MEMORANDUM FOR CHAIRMAN, Utilization Advisory Board

SUBJECT: [REDACTED] Procedures for Sanitizing TALENT Materials

1. Inclosed is a document pertaining to the proposed method of sanitizing TALENT information for use in the production of target materials by [REDACTED]

2. This procedure in effect is similar to that already approved by the Utilization Advisory Board for use by the U. S. Services. The air target materials produced by [REDACTED] are coordinated and monitored by Hq USAF, and these materials are produced in accordance with U. S. standards and specifications.

3. This Headquarters recommends an early approval by your Board so that early implementation of this procedure can be realized by [REDACTED]
